Learn Javascript for Web Developer on Udemy.

EXPERIENCE

BRAINBERRY TECHNOLOGY PVT. LTD. | WEB DEVELOPMENT INTERNSHIP

May 2018 – July 2018 | Jaipur, Rajasthan

- During Internship period, I have designed three websites which are completely different from each other. First one is the **Alpha digital solutions** i.e. marketing company the second one is the **Internet padhai** i.e. for education purpose and finally, the parent company **BrainBerry** Technology
- Worked on HTML, CSS, Javascript, Bootstrap and PHP

THE CLIMBER | MARKETING INTERN

April 2018 – May 2018 | Jaipur, Rajasthan

- I was hired as an Intern in the Marketing and Sales domain for their main product - MyCaptain. My job is to maximize the participation of the online courses which offered by the company.

PROJECT

GUEST HOUSE MANAGEMENT - ANDROID APP (May 2018 – Present)

- The salient features of the app include the management of the current database of the people residing in the institute guest house.
- Real-time updating of the availability of the rooms in the guest house
- Used Google Auth and Firebase Real-time Database

TRAFFIC CHALLAN GENERATOR (July 2017 – Nov 2017)

- Traffic Challan Management is a Traffic Ticketing System for generating tickets by uploading images of Offender's Vehicle. This Project is made during the Software Engineering Course following the Agile Methodology
- Technologies used Angular, openALPR, Bootstrap, Firebase and CSS

TRAINING

INTERNSHALA WEB DEVELOPMENT TRAINING

(May 2018 – Present)

- The Web Development Training by Internshala is a 6-week online training program in the fields of HTML, CSS, Bootstrap, PHP, and MySQL. In this training program, I learned how to create a website.
- At the end of this training program, I built an e-commerce website that will work seamlessly across different devices.

ACHIEVEMENTS

HACKATHON

Secured 2nd rank in the Front-end Design contest organized at LNMIIT

COMPETITION

Winner of Water Rocket Event organised by Phoenix Club at LNMIIT in August 2015.
